Skills

Ecommerce : Conversion and profitability oriented for the customer experience.

Analytics : Tagging, creating KPI, analyzing causes and effects with many tools (**Google Analytics Certified**).

Technical : Front office development (*html, css, JS, responsive*), back office development (*php, API*).

Experiences

Ecommerce Manager _ @Jardiforet.com _ 2012 – Present (*more than 9 years*)

I took a small ecommerce website, and have made a true ecommerce website, which is one leader on his market, without any technical or marketing investment.

In 3 years the turnovers was **multiplied by 22**, and **conversion rate by 2**.

The website is monthly profitable since December 2012, helped by a rationalization of all ecommerce process.

In 2016 Jardiforet.com was the leader for Automower sales on internet (*the Husqvarna's robotic mower which represents 80% of mower sales in the world*) in France and Belgium.

Traffic Project Manager _ @JetPulp _ 2011 – 2012 (*1 year and few months*)

I enhanced visibility (SEO, SEA) of many ecommerce and editorial projects with only one aim : increase conversion rates and cost-effectiveness.

Founder _ @L'Alsacien Gourmand _ 2008 – 2010 (*almost 2 years*)

I created from scratch an ecommerce website of regional products.

The site has met a success exceeding my hopes and the time I had to allocate.

Webmaster and project manager _ @Atlantis _ 2009 – 2010 (*1 year and few months*)

I was managing a set of 12 websites dedicated to the recruitment of new customers.

I also was managing the project of development for a command website for enroled customers (*specifications, deliverables validation*).

Formations

2008 - Licence in ecommerce and remote customer relationship (*I graduated top of the class*)

2007 - BTS in commercial management
